

The CDS Reference Dictionary

Version 0.7.2 — the controlled vocabularies of the Commerce Data Standard

Field	Value
Generated from	CDS_Reference_Dictionary (package 0.7.2, hash 34c8a01b6a4b2631...) — produced directly from the data files, never edited by hand
Entries	674 entries across 50 vocabularies in 16 chapters
How this book works	Each section is one vocabulary — the answer list for one product question. The field key under each heading is the vocabulary's machine name; each entry shows the customer-facing Name and the <code>code</code> software stores.
Worked example	A navy cushion: the vocabulary Colours (field key <code>colour</code>) answers " <i>what colour is it?</i> ". Your PIM stores the code <code>french_navy</code> ; the product page shows French Navy ; the storefront filter shows its broad family Blue ; a supplier writing " <i>dark navy</i> " matches automatically via the aliases. (The same example with every PIM and Shopify field name spelled out: Setup Runbook, Appendix A.)
Status	Informative starter data (en-GB). On adoption these become your governed dictionaries under CDS-400.

Chapters

1. **Colours** — Shades and the broad families they file under. A shade belongs to one or two families (first listed = primary).
2. **Materials** — What things are made of - fibres and substances (cotton, wool, oak, ceramic). How a textile is constructed lives in Chapter 3.
3. **Fabrics & Construction** — How a textile is made - weaves, knits and constructions (denim, jersey, tulle). Fibres such as cotton and wool live in Chapter 2, Materials: a cotton jersey tee is Material: Cotton + Fabric: Jersey.
4. **Care** — Descriptive care values (deliberately not the trademarked care-symbol set).
5. **Sizing** — Sizing systems, not sizes - a size value only means something with its system declared (AU 12, US bra, EU kids height).
6. **Apparel Attributes** — Fit, style, occasion, pattern, neckline, sleeve and length vocabularies. The style vocabulary is shared across fashion and interiors.
7. **Homewares Attributes** — Rooms, surface finishes and shapes.
8. **Footwear** — Styles, heel heights, closures, toe shapes and width fittings. Upper materials reuse Chapter 2.
9. **Jewellery & Accessories** — Metals, stones, closures and piece styles.
10. **Beauty & Personal Care** — Skin and hair states, scent families, formulations and finishes. Benefit claims (anti-ageing, hypoallergenic) are excluded by design - they need evidence, not filters.
11. **Electronics & Appliances** — Brown and white goods: connections, screen technologies, power, mounting and energy-label schemes. Compliance marks and vendor ecosystems excluded.

12. **Sports & Outdoor** — The shop-by-sport facet, plus surf wetsuit attributes (style, thickness, zip entry, seam construction). Performance claims, skill levels and vendor fin systems excluded.
13. **Toys & Games** — Play types and retail age bands. The packaging safety mark (3+) is a compliance label, not filter vocabulary.
14. **Pet Supplies** — Pet types, species-neutral life stages (puppy/kitten are display mappings) and animal sizes. Breed lists and health claims excluded.
15. **Furniture** — Assembly forms. Furniture styles live in the Chapter 6 style vocabulary; upholstery reuses Fabrics and Materials.
16. **Garden & Outdoor** — Sun exposure - a grower-declared growing condition. Plant taxonomies and watering claims deliberately excluded.

Chapter 1. Colours

Shades and the broad families they file under. A shade belongs to one or two families (first listed = primary).

Colour Facets field key `colour_facet` · 18 values — products store the code, customers see the name

Beige · code `beige`

definition: Warm pale brown and neutral family

Black · code `black`

definition: Near-black and black visual colours

Blue · code `blue`

definition: Blue family

Brown · code `brown`

definition: Brown family

Clear · code `clear`

definition: Transparent or substantially colourless

Cream · code `cream`

definition: Warm off-white family

Gold · code `gold`

definition: Gold metallic appearance

Green · code `green`

definition: Green family

Grey · code `grey`

definition: Neutral grey family

Multi-colour · code `multicolour`

definition: No single dominant colour or intentionally mixed palette

Natural · code `natural`

definition: Uncoloured natural appearance where no clearer family applies

Orange · code `orange`

definition: Orange family

Pink · code `pink`

definition: Pink family

Purple · code `purple`

definition: Purple family

Red · code `red`

definition: Red family

Silver · code `silver`

definition: Silver metallic appearance

White · code `white`

definition: White visual colours

Yellow · code `yellow`

definition: Yellow family

Colour Reference Values field key `colour` · 42 values — products store the code, customers see the name

Blush · code `blush_pink`

also matches: *pale pink*, *soft pink* — filter family: pink

Blush · code `blush`

files under `blush_pink`

Burgundy · code `burgundy`

also matches: *wine*, *oxblood*, *deep red* — filter family: red

Charcoal · code `charcoal`

files under `charcoal_grey`

Charcoal Black · code `charcoal_black`

also matches: *near black*, *off black* — filter family: black

Charcoal Grey · code `charcoal_grey`

also matches: *dark grey*, *graphite* — filter family: grey

Chocolate · code `chocolate`

files under `chocolate_brown`

Chocolate Brown · code `chocolate_brown`

also matches: *dark brown* — filter family: brown

Clear · code `clear`

also matches: *transparent*, *colourless* — filter family: clear

Coral · code `coral`

also matches: *coral pink*, *salmon* — filter family: orange & pink

Denim Blue · code `denim_blue`

also matches: *washed blue*, *mid blue* — filter family: blue

Ecru · code `ecru`

also matches: *off white*, *natural cream* — filter family: cream

Emerald · code `emerald`

also matches: *emerald green*, *jewel green* — filter family: green

Forest Green · code `forest_green`

also matches: *dark green*, *bottle green* — filter family: green

French Navy · code `french_navy`

also matches: *french navy*, *dark navy* — filter family: blue

Fuchsia · code `fuchsia`

also matches: *hot pink*, *magenta* — filter family: pink

Ivory · code `ivory`

also matches: *ivory white* — filter family: cream

Khaki · code `khaki`

also matches: *khaki green* — filter family: green & beige

Lemon · code `lemon`

also matches: *lemon yellow*, *pale yellow* — filter family: yellow

Lilac · code `lilac`

also matches: *lavender*, *light purple* — filter family: purple

Mauve · code `mauve`

also matches: *dusty purple* — filter family: purple & pink

Mint · code `mint`

also matches: *mint green*, *pistachio* — filter family: green

Mustard · code `mustard`

also matches: *mustard yellow*, *ochre* — filter family: yellow

Navy · code `navy`

also matches: *navy blue*, *dark blue* — filter family: blue

Oatmeal · code `oatmeal`

also matches: *natural beige*, *warm neutral* — filter family: beige

Olive · code `olive_green`

also matches: *olive green*, *army green* — filter family: green

Olive · code `olive`

files under `olive_green`

Plum · code `plum`

also matches: *aubergine*, *deep purple* — filter family: purple

Rose Gold · code `rose_gold`

also matches: *pink gold*, *metallic blush* — filter family: gold & pink

Royal Blue · code `royal_blue`

also matches: *cobalt blue*, *bright blue* — filter family: blue

Rust · code `rust`

files under `rust_orange`

Rust Brown · code `rust_brown`

also matches: *russet*, *auburn* — filter family: brown

Rust Orange · code `rust_orange`

also matches: *burnt orange*, *terracotta* — filter family: orange

Sage · code `sage_green`

also matches: *sage green*, *muted green* — filter family: green

Sage · code `sage`

files under `sage_green`

Sky Blue · code `sky_blue`

also matches: *light_blue*, *light blue*, *powder blue* — filter family: blue

Stone · code `stone`

also matches: *putty*, *light stone* — filter family: beige & grey

Tan · code `tan`

files under `tan_beige`

Tan Beige · code `tan_beige`

also matches: *camel*, *light tan* — filter family: beige

Tan Brown · code `tan_brown`

also matches: *light brown*, *caramel* — filter family: brown

Teal · code `teal`

also matches: *blue green*, *petrol* — filter family: green & blue

Turquoise · code `turquoise`

also matches: *aqua*, *aquamarine* — filter family: blue & green

Chapter 2. Materials

What things are made of - fibres and substances (cotton, wool, oak, ceramic). How a textile is constructed lives in Chapter 3.

Apparel Materials field key `material_apparel` · 26 values — products store the code, customers see the name

Acrylic · code `acrylic`

filter family: synthetic — material family: synthetic

Alpaca · code `alpaca`

also matches: *alpaca wool* — filter family: wool — material family: animal_fibre

Bamboo Viscose · code `bamboo_viscose`

also matches: *bamboo* — filter family: viscose — material family: regenerated_cellulose

Cashmere · code `cashmere`

filter family: cashmere — material family: animal_fibre

Cotton · code `cotton`

filter family: cotton — material family: plant_fibre

Down · code `down`

also matches: *down fill, feather and down* — material family: animal_material

Elastane · code `elastane`

also matches: *spandex* — material family: synthetic

Faux Leather · code `faux_leather`

also matches: *vegan leather* — filter family: faux_leather — material family: synthetic

Hemp · code `hemp`

filter family: hemp — material family: plant_fibre

Leather · code `leather`

filter family: leather — material family: animal_material

Linen · code `linen`

filter family: linen — material family: plant_fibre

Lyocell · code `lyocell`

filter family: lyocell — material family: regenerated_cellulose

Merino Wool · code `merino_wool`

filter family: wool — material family: animal_fibre

Modal · code `modal`

filter family: modal — material family: regenerated_cellulose

Mohair · code `mohair`

filter family: wool — material family: animal_fibre

Nylon · code `nylon`

also matches: *polyamide* — filter family: nylon — material family: synthetic

Organic Cotton · code `organic_cotton`

filter family: cotton — material family: plant_fibre

Polyester · code `polyester`

filter family: polyester — material family: synthetic

Recycled Cotton · code `recycled_cotton`

filter family: cotton — material family: plant_fibre

Recycled Polyester · code `recycled_polyester`

filter family: polyester — material family: synthetic

Recycled Wool · code `recycled_wool`

filter family: wool — material family: animal_fibre

Shearling · code `shearling`

also matches: *sheepskin* — filter family: leather — material family: animal_material

Silk · code `silk`

filter family: silk — material family: animal_fibre

Suede · code `suede`

filter family: leather — material family: animal_material

Viscose · code `viscose`

also matches: *rayon* — filter family: viscose — material family: regenerated_cellulose

Wool · code `wool`

also matches: *lambswool* — filter family: wool — material family: animal_fibre

Homewares Materials field key `material_homewares` · 34 values — products store

the code, customers see the name

Acacia · code `acacia`

filter family: wood — material family: wood

Aluminium · code `aluminium`

filter family: metal — material family: metal

Bamboo · code `bamboo`

filter family: natural_fibre — material family: natural_fibre

Bone China · code `bone_china`

also matches: *fine bone china* — filter family: ceramic — material family: ceramic

Brass · code `brass`

filter family: metal — material family: metal

Cane · code `cane`

filter family: natural_fibre — material family: natural_fibre

Ceramic · code `ceramic`

filter family: ceramic — material family: ceramic

Concrete · code `concrete`

filter family: concrete — material family: mineral

Cork · code `cork`

filter family: cork — material family: wood

Cotton · code `cotton`

filter family: cotton — material family: textile

Crystal · code `crystal`

filter family: glass — material family: glass

Glass · code `glass`

filter family: glass — material family: glass

Iron · code `iron`

filter family: metal — material family: metal

Jute · code `jute`

filter family: natural_fibre — material family: natural_fibre

Linen · code `linen`

filter family: linen — material family: textile

Mango Wood · code `mango_wood`

also matches: *mango* — filter family: wood — material family: wood

Marble · code `marble`

filter family: stone — material family: stone

Oak · code `oak`

filter family: wood — material family: wood

Paraffin Wax · code `paraffin_wax`

filter family: wax — material family: wax

Pine · code `pine`

filter family: wood — material family: wood

Polyester · code `polyester`

filter family: synthetic_textile — material family: textile_synthetic

Porcelain · code `porcelain`

filter family: porcelain — material family: ceramic

Rattan · code `rattan`

filter family: natural_fibre — material family: natural_fibre

Resin · code `resin`

filter family: resin — material family: synthetic

Seagrass · code `seagrass`

filter family: natural_fibre — material family: natural_fibre

Soy Wax · code `soy_wax`

filter family: wax — material family: wax

Stainless Steel · code `stainless_steel`

filter family: metal — material family: metal

Stoneware · code `stoneware`

filter family: ceramic — material family: ceramic

Teak · code `teak`

filter family: wood — material family: wood

Terracotta · code `terracotta`

filter family: ceramic — material family: ceramic

Terrazzo · code `terrazzo`

filter family: stone — material family: stone

Travertine · code `travertine`

filter family: stone — material family: stone

Walnut · code `walnut`

filter family: wood — material family: wood

Wool · code `wool`

filter family: wool — material family: textile

Material Facets field key `material_facet` · 26 values — products store the code, customers see the name

Cashmere · code `cashmere`

scope: apparel

Ceramic · code `ceramic`

scope: homewares

Concrete · code `concrete`

scope: homewares

Cork · code `cork`

scope: homewares

Cotton · code `cotton`

scope: shared

Faux Leather · code `faux_leather`

scope: apparel

Glass · code `glass`

scope: homewares

Hemp · code `hemp`

scope: apparel

Leather · code `leather`

scope: apparel

Linen · code `linen`

scope: shared

Lyocell · code `lyocell`

scope: apparel

Metal · code `metal`

scope: homewares

Modal · code `modal`

scope: apparel

Natural Fibre · code `natural_fibre`

scope: homewares

Nylon · code `nylon`

scope: apparel

Polyester · code `polyester`

scope: apparel

Porcelain · code `porcelain`

scope: homewares

Resin · code `resin`

scope: homewares

Silk · code `silk`

scope: apparel

Stone · code `stone`

scope: homewares

Synthetic · code `synthetic`

scope: apparel

Synthetic Textile · code `synthetic_textile`

scope: homewares

Viscose · code `viscose`

scope: apparel

Wax · code `wax`

scope: homewares

Wood · code `wood`

scope: homewares

Wool · code `wool`

scope: shared

Chapter 3. Fabrics & Construction

How a textile is made - weaves, knits and constructions (denim, jersey, tulle). Fibres such as cotton and wool live in Chapter 2, Materials: a cotton jersey tee is Material: Cotton + Fabric: Jersey.

Fabric Types field key `fabric_type` · 32 values — products store the code, customers see the name

Boucle · code `boucle`

also matches: *boucle knit*

Broderie Anglaise · code `broderie_anglaise`

also matches: *broderie, eyelet*

Cable Knit · code `cable_knit`

also matches: *cable*

Canvas · code `canvas`

also matches: *duck cloth*

Chambray · code `chambray`

Chiffon · code `chiffon`

Corduroy · code `corduroy`

also matches: *cord, needlecord*

Crepe · code `crepe`

also matches: *crepe de chine*

Crochet · code `crochet`

also matches: *crochet knit*

Denim · code `denim`

also matches: *jean fabric*

Flannel · code `flannel`

also matches: *flannelette*

Fleece · code `fleece`

also matches: *polar fleece*

Gauze · code `gauze`

also matches: *double gauze, cheesecloth*

Herringbone · code `herringbone`

Jacquard · code `jacquard`

Jersey · code jersey

also matches: *single jersey, knit jersey*

Lace · code lace

Mesh · code mesh

also matches: *net, netting*

Muslin · code muslin

Organza · code organza

Oxford · code oxford

also matches: *oxford cloth*

Ponte · code ponte

also matches: *ponte di roma, ponte roma*

Poplin · code poplin

also matches: *broadcloth*

Rib Knit · code rib_knit

also matches: *ribbed, ribbed knit*

Satin · code satin

Seersucker · code seersucker

Terry · code terry

also matches: *towelling, terry cloth*

Tulle · code tulle

Tweed · code tweed

Twill · code twill

Velvet · code velvet

Waffle · code waffle

also matches: *waffle knit, honeycomb*

Chapter 4. Care

Descriptive care values (deliberately not the trademarked care-symbol set).

Care Instructions field key `care_instruction` · 22 values — products store the code, customers see the name

Do Not Bleach · code `do_not_bleach`

also matches: *no bleach* — care group: bleach

Do Not Dry Clean · code `do_not_dry_clean`

care group: professional

Do Not Iron · code `do_not_iron`

care group: iron

Do Not Tumble Dry · code `do_not_tumble_dry`

also matches: *no tumble dry* — care group: dry

Do Not Wash · code `do_not_wash`

care group: wash

Do Not Wring · code `do_not_wring`

also matches: *do not twist, do not wring or twist* — care group: wash

Dry Clean Only · code `dry_clean_only`

also matches: *dry clean, professional clean only* — care group: professional

Dry Flat · code `dry_flat`

also matches: *flat dry, reshape and dry flat* — care group: dry

Dry in Shade · code `dry_in_shade`

also matches: *dry away from sunlight* — care group: dry

Gentle Cycle · code `gentle_cycle`

also matches: *delicate cycle* — care group: wash

Hand Wash · code `hand_wash`

also matches: *hand wash only* — care group: wash

Iron High · code `iron_high`

also matches: *hot iron, iron high heat* — care group: iron

Iron Low · code `iron_low`

also matches: *cool iron, iron low heat* — care group: iron

Iron Medium · code `iron_medium`

also matches: *warm iron, iron medium heat* — care group: iron

Iron Reverse Side · code `iron_reverse_side`

also matches: *iron inside out, iron wrong side only* — care group: iron

Line Dry · code `line_dry`

also matches: *hang dry, air dry* — care group: dry

Machine Wash Cold · code `machine_wash_cold`

also matches: *machine wash 30, cold wash* — care group: wash

Machine Wash Hot · code `machine_wash_hot`

also matches: *machine wash 60, hot wash* — care group: wash

Machine Wash Warm · code `machine_wash_warm`

also matches: *machine wash 40, warm wash* — care group: wash

Tumble Dry Low · code `tumble_dry_low`

also matches: *tumble dry low heat* — care group: dry

Wash Dark Colours Separately · code `wash_dark_separately`

also matches: *wash separately, wash with like colours* — care group: wash

Wash Inside Out · code `wash_inside_out`

also matches: *turn inside out to wash* — care group: wash

Chapter 5. Sizing

Sizing systems, not sizes - a size value only means something with its system declared (AU 12, US bra, EU kids height).

Size Systems field key `size_system` · 20 values — products store the code, customers see the name

AU · code `au`

also matches: *australian, aus*

AU Bra · code `au_bra`

also matches: *au bra size, australian bra sizing*

EU · code `eu`

also matches: *european, eur*

EU Bra · code `eu_bra`

also matches: *eu bra size, european bra sizing*

EU Footwear · code `eu_footwear`

also matches: *eu shoe size, paris point*

FR · code `fr`

also matches: *french*

FR Bra · code `fr_bra`

also matches: *french bra size*

International · code `int`

also matches: *alpha sizing, s m l, one-size scale*

IT · code `it`

also matches: *italian*

JP · code `jp`

also matches: *japanese*

Kids Age · code `kids_age`

also matches: *age sizing, years*

Kids Height · code `kids_height`

also matches: *height in cm, cm sizing*

UK · code `uk`

also matches: *british, gb*

UK Bra · code `uk_bra`

also matches: *uk bra size, british bra sizing*

UK Footwear · code `uk_footwear`

also matches: *uk shoe size*

US · code `us`

also matches: *american, usa*

US Bra · code `us_bra`

also matches: *us bra size, american bra sizing*

US Kids · code `us_kids`

also matches: *us toddler sizes, us children's sizes*

US Men's · code `us_mens`

also matches: *us men, us mens footwear*

US Women's · code `us_womens`

also matches: *us women, us womens footwear*

Chapter 6. Apparel Attributes

Fit, style, occasion, pattern, neckline, sleeve and length vocabularies. The style vocabulary is shared across fashion and interiors.

Fits field key `fit` · 21 values — products store the code, customers see the name

Bootcut · code `bootcut`

Cropped · code `cropped`

Fitted · code `fitted`

Flared · code `flared`
also matches: *flare leg*

High Rise · code `high_rise`
also matches: *high waisted, high waist*

Longline · code `longline`

Loose · code `loose`

Low Rise · code `low_rise`
also matches: *low waisted, low waist*

Maternity · code `maternity`

Mid Rise · code `mid_rise`
also matches: *mid waist*

Oversized · code `oversized`

Petite · code `petite`

Regular · code `regular`

Relaxed · code `relaxed`

Skinny · code `skinny`

Slim · code `slim`

Straight · code `straight`

Tailored · code `tailored`

Tall · code `tall`

Tapered · code `tapered`

Wide Leg · code `wide_leg`

Styles field key `style` · 28 values — products store the code, customers see the name

Art Deco · code `art_deco`
also matches: *deco*

Athleisure · code `athleisure`

Bohemian · code `bohemian`

Casual · code `casual`

Classic · code `classic`

Coastal · code `coastal`

Contemporary · code `contemporary`

Country · code `country`

Formal · code `formal`

French Provincial · code `french_provincial`
also matches: *provincial*

Hamptons · code `hamptons`

Industrial · code `industrial`

Japandi · code `japandi`

Luxury · code `luxury`

Mid-century · code `mid_century`

also matches: *mid-century modern*, *MCM*

Minimal · code `minimal`

Modern · code `modern`

Preppy · code `preppy`

Resort · code `resort`

Romantic · code `romantic`

Rustic · code `rustic`

Scandinavian · code `scandinavian`

Smart Casual · code `smart_casual`

Streetwear · code `streetwear`

Utility · code `utility`

Vintage-inspired · code `vintage_inspired`

Western · code `western`

Workwear · code `workwear`

Occasions field key `occasion` · 16 values — products store the code, customers see the name

Active · code `active`

Beach · code `beach`

Bridal · code `bridal`
also matches: *bride, bridal party*

Casual · code `casual`

Evening · code `evening`
also matches: *night out, going out*

Everyday · code `everyday`

Festival · code `festival`

Formal · code `formal`

Holiday · code `holiday`

Lounge · code `lounge`

Outdoor · code `outdoor`

Party · code `party`

Race Day · code `race_day`
also matches: *races, racing carnival*

Travel · code `travel`

Wedding Guest · code `wedding_guest`

Work · code `work`

Patterns field key `pattern` · 18 values — products store the code, customers see the name

Abstract · code `abstract`

Animal Print · code `animal`

Camouflage · code `camouflage`
also matches: *camo*

Checked · code `checked`

Colour Block · code `colour_block`

Floral · code `floral`

Geometric · code `geometric`

Gingham · code `gingham`

Graphic · code `graphic`
also matches: *placement print*

Houndstooth · code `houndstooth`
also matches: *dogtooth*

Motif · code `motif`

Ombre · code `ombre`
also matches: *gradient, dip dye*

Paisley · code `paisley`

Plaid · code `plaid`
also matches: *tartan*

Plain · code `plain`

Polka Dot · code `polka_dot`

Striped · code `striped`

Tie Dye · code `tie_dye`
also matches: *tie-dye*

Necklines field key `neckline` · 15 values — products store the code, customers see the name

Boat Neck · code `boat_neck`
also matches: *slash neck, bateau*

Collared · code `collared`
also matches: *collar neck*

Cowl Neck · code `cowl_neck`

Crew Neck · code `crew_neck`

also matches: *round neck*

Halter Neck · code `halter_neck`

also matches: *halterneck*

High Neck · code `high_neck`

also matches: *funnel neck*

Off the Shoulder · code `off_shoulder`

also matches: *bardot*

One Shoulder · code `one_shoulder`

also matches: *asymmetric neckline*

Plunge · code `plunge`

also matches: *plunging neckline*

Roll Neck · code `roll_neck`

also matches: *polo neck, turtleneck*

Scoop Neck · code `scoop_neck`

Square Neck · code `square_neck`

Strapless · code `strapless`

also matches: *bandeau*

Sweetheart · code `sweetheart`

V-neck · code `v_neck`

also matches: *v neckline*

Sleeve Types field key `sleeve_type` · 7 values — products store the code, customers see the name

Cap Sleeve · code `cap_sleeve`

Long Sleeve · code `long_sleeve`

also matches: *long sleeved*

Puff Sleeve · code `puff_sleeve`

also matches: *balloon sleeve*

Short Sleeve · code `short_sleeve`

also matches: *short sleeved*

Sleeveless · code `sleeveless`

also matches: *no sleeve*

Strappy · code `strappy`

also matches: *cami straps, thin straps*

Three-quarter Sleeve · code `three_quarter_sleeve`

also matches: *3/4 sleeve, three quarter*

Garment Lengths field key `garment_length` · 6 values — products store the code, customers see the name

Ankle Length · code `ankle_length`

Floor Length · code `floor_length`

also matches: *gown length*

Knee Length · code `knee_length`

also matches: *on the knee*

Maxi · code `maxi`

also matches: *full length*

Midi · code `midi`

also matches: *mid length, calf length*

Mini · code `mini`

also matches: *mini length*

Swim Styles field key `swim_style` · 8 values — products store the code, customers see the name

Bikini · code `bikini`

also matches: *two piece, two-piece*

Boardshorts · code `boardshorts`

also matches: *board shorts, boardies*

Cover-up · code `cover_up`

also matches: *beach cover up, sarong, kaftan*

One-piece · code `one_piece`

also matches: *swimsuit, bathing suit, maillot*

Rash Vest · code `rash_vest`

also matches: *rashie, rash guard, swim shirt*

Swim Briefs · code `swim_briefs`

also matches: *racing briefs, speedos*

Swim Shorts · code `swim_shorts`

also matches: *swim trunks, trunks*

Tankini · code `tankini`

Chapter 7. Homewares Attributes

Rooms, surface finishes and shapes.

Rooms field key `room` · 15 values — products store the code, customers see the name

Balcony · code `balcony`

Bathroom · code `bathroom`

Bedroom · code `bedroom`

Conservatory · code `conservatory`
also matches: *sunroom*

Dining Room · code `dining_room`

Entryway · code `entryway`
also matches: *hallway*

Garage · code `garage`

Home Office · code `home_office`

Kids Room · code `kids_room`

Kitchen · code `kitchen`

Laundry · code `laundry`

Living Room · code `living_room`

Multi-room · code `multi_room`

Nursery · code `nursery`

Outdoor · code `outdoor`

Finishes field key `finish` · 22 values — products store the code, customers see the name

Antique · code `antique`

also matches: *aged*

Brushed · code `brushed`

Distressed · code `distressed`

Enamelled · code `enamelled`

also matches: *enamel, enameled*

Fluted · code `fluted`

also matches: *ribbed, reeded*

Galvanised · code `galvanised`

also matches: *galvanized*

Glazed · code `glazed`

Gloss · code `gloss`

also matches: *high gloss*

Hammered · code `hammered`

Lacquered · code `lacquered`

Marbled · code `marbled`

Matte · code `matte`

Mirrored · code `mirrored`

Natural Oil · code `natural_oil`

Painted · code `painted`

Polished · code `polished`

Powder-coated · code `powder_coated`

Satin · code `satin`

Textured · code textured

Unglazed · code unglazed

Weathered · code weathered

Whitewashed · code whitewashed
also matches: *limewashed*

Shapes field key shape · 14 values — products store the code, customers see the name

Arched · code arched

Cone · code cone

Cylindrical · code cylindrical

Geometric · code geometric

Hexagonal · code hexagonal
also matches: *hexagon*

Organic · code organic
also matches: *irregular*

Oval · code oval

Rectangular · code rectangular

Round · code round

Scalloped · code scalloped
also matches: *scallop*

Semi-circular · code semi_circular
also matches: *half moon, demilune*

Spherical · code spherical

Square · code square

Tapered · code tapered

Chapter 8. Footwear

Styles, heel heights, closures, toe shapes and width fittings. Upper materials reuse Chapter 2.

Footwear Styles field key `footwear_style` · 22 values — products store the code, customers see the name

Ankle Boot · code `ankle_boot`

also matches: *bootie*

Ballet Flat · code `ballet_flat`

also matches: *ballerina, ballet pump*

Boat Shoe · code `boat_shoe`

also matches: *deck shoe*

Boot · code `boot`

Brogue · code `brogue`

also matches: *wingtip*

Chelsea Boot · code `chelsea_boot`

Clog · code `clog`

Combat Boot · code `combat_boot`

also matches: *military boot, lug boot*

Derby · code `derby`

also matches: *gibson, blucher*

Espadrille · code `espadrille`

Flip Flop · code `flip_flop`

also matches: *thong, thongs, plugger*

Hiking Boot · code `hiking_boot`

also matches: *walking boot, trail boot*

Loafer · code `loafer`

also matches: *penny loafer*

Mary Jane · code `mary_jane`

also matches: *mary-jane*

Mule · code `mule`

Oxford · code `oxford_shoe`

also matches: *balmoral*

Pump · code `heel_pump`

also matches: *court shoe, heels*

Sandal · code `sandal`

Slide · code `slide`

also matches: *slider*

Slipper · code `slipper`

also matches: *house shoe*

Sneaker · code `sneaker`

also matches: *trainer, runner*

Wedge · code `wedge`

also matches: *wedge heel, wedges*

Footwear Heel Heights field key `footwear_heel_height` · 5 values — products store the code, customers see the name

Flat · code `flat`

also matches: *no heel* — definition: Heel height under 1 cm

High · code `high`

also matches: *high heel* — definition: Heel height over 7 cm

Low · code `low`

also matches: *kitten heel, low heel* — definition: Heel height roughly 1-4 cm

Mid · code `mid`

also matches: *mid heel, medium heel* — definition: Heel height roughly 4-7 cm

Platform · code `platform`

also matches: *platform sole* — definition: Raised sole of roughly 2 cm or more under the forefoot

Footwear Closures field key `footwear_closure` · 6 values — products store the code, customers see the name

Buckle · code `buckle`

also matches: *buckle fastening*

Elastic Gore · code `elastic_gore`

also matches: *elastic side, gusset*

Lace Up · code `lace_up`

also matches: *laces, lace fastening*

Slip On · code `slip_on`

also matches: *pull on*

Velcro Strap · code `velcro_strap`

also matches: *hook and loop, hook and loop strap*

Zip · code `zip`

also matches: *zipper, zip fastening*

Footwear Toe Shapes field key `footwear_toe_shape` · 6 values — products store the code, customers see the name

Almond · code `almond`

also matches: *almond toe*

Open · code `open`

also matches: *open toe*

Peep · code `peep`

also matches: *peep toe*

Pointed · code `pointed`

also matches: *pointy, point toe*

Round · code `round`

also matches: *rounded toe*

Square · code `square`

also matches: *square toe*

Footwear Width Fittings field key `footwear_width_fitting` · 4 values — products store the code, customers see the name

Extra Wide · code `extra_wide`

also matches: *extra wide fit, xw*

Narrow · code `narrow`

also matches: *slim fit*

Standard · code `standard`

also matches: *regular, medium*

Wide · code `wide`

also matches: *wide fit*

Chapter 9. Jewellery & Accessories

Metals, stones, closures and piece styles.

Jewellery Metals field key `jewellery_metal` · 15 values — products store the code, customers see the name

Brass · code `brass`

Copper · code `copper`

Gold · code `gold`
also matches: *yellow gold*

Gold Plated · code `gold_plated`
also matches: *gold plate*

Gold Vermeil · code `gold_vermeil`
also matches: *vermeil*

Palladium · code `palladium`

Platinum · code `platinum`
also matches: *950, pt950*

Rose Gold · code `rose_gold`
also matches: *pink gold*

Silver Plated · code `silver_plated`
also matches: *silver plate*

Stainless Steel · code `stainless_steel`
also matches: *steel, 316l*

Sterling Silver · code `sterling_silver`
also matches: *925, 925 silver, sterling*

Titanium · code `titanium`

Tungsten · code `tungsten`
also matches: *tungsten carbide*

Two-tone · code `two_tone`
also matches: *two tone, mixed metal*

White Gold · code `white_gold`

Jewellery Stones field key `jewellery_stone` · 24 values — products store the code, customers see the name

Amethyst · code `amethyst`

Aquamarine · code `aquamarine`

Citrine · code `citrine`

Crystal · code `crystal`
also matches: *rhinestone, glass crystal*

Cubic Zirconia · code `cubic_zirconia`
also matches: *cz, zirconia*

Diamond · code `diamond`

Emerald · code `emerald`

Freshwater Pearl · code `freshwater_pearl`
also matches: *cultured pearl*

Garnet · code `garnet`

Jade · code `jade`
also matches: *jadeite, nephrite*

Lab-grown Diamond · code `lab_grown_diamond`
also matches: *lab created diamond, lab diamond, created diamond*

Labradorite · code `labradorite`

Lapis Lazuli · code `lapis_lazuli`
also matches: *lapis*

Moonstone · code `moonstone`

Morganite · code `morganite`

Onyx · code `onyx`
also matches: *black onyx*

Opal · code `opal`

Pearl · code `pearl`

Peridot · code `peridot`

Rose Quartz · code `rose_quartz`

Ruby · code `ruby`

Sapphire · code `sapphire`

Topaz · code `topaz`

Turquoise · code `turquoise`

Jewellery Closures field key `jewellery_closure` · 9 values — products store the code, customers see the name

Adjustable Slider · code `adjustable_slider`
also matches: *slider, bolo*

Box Clasp · code `box_clasp`

Butterfly Back · code `butterfly_back`
also matches: *push back, friction back*

Hook and Eye · code `hook_and_eye`
also matches: *hook clasp*

Lobster Clasp · code `lobster_clasp`
also matches: *lobster claw, trigger clasp*

Magnetic · code `magnetic`
also matches: *magnetic clasp*

Screw Back · code `screw_back`
also matches: *screw fitting*

Spring Ring · code `spring_ring`
also matches: *bolt ring*

Toggle · code `toggle`
also matches: *t-bar*

Jewellery Styles field key `jewellery_style` · 12 values — products store the code, customers see the name

Bangle · code `bangle`

Chain · code `chain`

Charm · code `charm`

Cuff · code `cuff`

Drop · code `drop`

also matches: *dangle, dangly*

Hoop · code `hoop`

also matches: *hoop earring*

Huggie · code `huggie`

also matches: *huggie hoop*

Pendant · code `pendant`

Signet · code `signet`

also matches: *signet ring*

Solitaire · code `solitaire`

Stud · code `stud`

also matches: *stud earring*

Tennis · code `tennis`

also matches: *tennis bracelet, line bracelet*

Chapter 10. Beauty & Personal Care

Skin and hair states, scent families, formulations and finishes. Benefit claims (anti-ageing, hypoallergenic) are excluded by design - they need evidence, not filters.

Beauty Skin Types field key `beauty_skin_type` · 8 values — products store the code, customers see the name

All Skin Types · code `all_skin_types`
also matches: *all skin*

Blemish-prone · code `blemish_prone`
also matches: *breakout-prone*

Combination · code `combination`
also matches: *combo*

Dehydrated · code `dehydrated`

Dry · code `dry`

Normal · code `normal`

Oily · code `oily`

Sensitive · code `sensitive`

Beauty Hair Types field key `beauty_hair_type` · 10 values — products store the code, customers see the name

All Hair Types · code `all_hair_types`
also matches: *all hair*

Coily · code `coily`
also matches: *kinky, afro-textured*

Colour-treated · code `colour_treated`
also matches: *coloured, color-treated, dyed*

Curly · code `curly`

Damaged · code `damaged`

Dry · code `dry`

Fine · code `fine`

Straight · code `straight`

Thick · code `thick`
also matches: *coarse*

Wavy · code `wavy`

Beauty Scent Families field key `beauty_scent_family` · 14 values — products store
the code, customers see the name

Amber · code `amber`
also matches: *oriental*

Aquatic · code `aquatic`
also matches: *marine, ozonic*

Chypre · code `chypre`
also matches: *mossy*

Citrus · code `citrus`

Floral · code `floral`
also matches: *flowery*

Fougere · code `fougere`
also matches: *aromatic fougere, fern*

Fresh · code `fresh`
also matches: *clean*

Gourmand · code `gourmand`
also matches: *sweet*

Green · code `green`

Herbal · code `herbal`
also matches: *aromatic*

Leather · code `leather`
also matches: *leathery*

Musk · code `musk`
also matches: *musky*

Spicy · code `spicy`

also matches: *warm spicy*

Woody · code `woody`

also matches: *woods*

Beauty Formulations field key `beauty_formulation` · 16 values — products store the code, customers see the name

Balm · code `balm`

also matches: *salve*

Bar · code `bar`

also matches: *soap bar*

Clay · code `clay`

also matches: *mud*

Cream · code `cream`

Foam · code `foam`

also matches: *mousse*

Gel · code `gel`

Liquid · code `liquid`

Lotion · code `lotion`

Mist · code `mist_spray`

also matches: *spray, face mist*

Oil · code `oil`

Paste · code `paste`

also matches: *pomade, putty*

Powder · code `powder`

Serum · code `serum`

Sheet Mask · code `sheet_mask`

also matches: *sheet*

Stick · code `stick`

Wax · code `wax`

also matches: *styling wax*

Beauty Makeup Finishes field key `beauty_makeup_finish` · 6 values — products
store the code, customers see the name

Dewy · code `dewy`
also matches: *glowy*

Glossy · code `glossy`
also matches: *gloss, high shine*

Matte · code `matte`
also matches: *matt*

Natural · code `natural`
also matches: *natural finish*

Satin · code `satin`

Shimmer · code `shimmer`
also matches: *shimmery*

Chapter 11. Electronics & Appliances

Brown and white goods: connections, screen technologies, power, mounting and energy-label schemes. Compliance marks and vendor ecosystems excluded.

Connectivity field key `connectivity` · 16 values — products store the code, customers see the name

Aerial Input · code `antenna_input`
also matches: *antenna input, rf input, aerial*

Aux Input · code `aux_input`
also matches: *3.5mm jack, headphone jack, aux*

Bluetooth · code `bluetooth`

DAB Radio · code `dab_radio`
also matches: *dab plus, digital radio*

DisplayPort · code `displayport`
also matches: *dp, display port*

Ethernet · code `ethernet`
also matches: *lan, wired network*

HDMI · code `hdmi`

Micro-USB · code `usb_micro`
also matches: *micro usb, micro b*

NFC · code `nfc`
also matches: *near field communication*

Optical Audio · code `optical_audio`
also matches: *toslink, spdif*

RCA Input · code `rca_input`
also matches: *phono, composite*

SD Card Slot · code `sd_card_slot`
also matches: *memory card slot*

Thunderbolt · code `thunderbolt`
also matches: *thunderbolt 3, thunderbolt 4*

USB-A · code `usb_a`
also matches: *usb type a*

USB-C · code `usb_c`

also matches: *usb type c*

Wi-Fi · code `wifi`

also matches: *wireless lan, wlan, wireless*

Screen Technologies field key `screen_technology` · 11 values — products store the code, customers see the name

E-Ink · code `e_ink`

also matches: *electronic paper, eink*

IPS · code `ips`

also matches: *in-plane switching, ips panel*

Laser Projection · code `laser_projection`

also matches: *laser projector*

LCD · code `lcd`

LED · code `led`

also matches: *led backlit*

Micro-LED · code `micro_led`

also matches: *micro led*

Mini-LED · code `mini_led`

also matches: *mini led*

OLED · code `oled`

also matches: *amoled*

QD-OLED · code `qd_oled`

also matches: *qd oled, quantum dot oled*

QLED · code `qled`

also matches: *quantum dot*

VA · code `va`

also matches: *vertical alignment, va panel*

Power Sources field key `power_source` · 10 values — products store the code, customers see the name

Dual Fuel · code `dual_fuel`

also matches: *gas and electric*

Gas · code `gas`

also matches: *lpg, natural gas*

Hand Powered · code `hand_powered`

also matches: *manual, wind up*

Mains Powered · code `mains`

also matches: *corded, plug in, ac power*

Petrol · code `petrol`

also matches: *gasoline, petrol powered*

Power over Ethernet · code `poe`

also matches: *poe*

Rechargeable Battery · code `rechargeable_battery`

also matches: *built in battery, cordless*

Replaceable Battery · code `replaceable_battery`

also matches: *battery operated, aa battery, aaa battery*

Solar · code `solar`

also matches: *solar powered*

USB Powered · code `usb_powered`

Installation Types field key `installation_type` · 12 values — products store the code, customers see the name

Built-In · code `built_in`

also matches: *built in*

Ceiling-Mounted · code `ceiling_mounted`

also matches: *ceiling mount*

Countertop · code `countertop`

also matches: *benchtop, bench top*

Flush-Mounted · code `flush_mounted`

also matches: *flush mount, flushmount*

Freestanding · code `freestanding`

Integrated · code `integrated`

also matches: *fully integrated*

Plumbed · code `plumbed`

also matches: *plumbed in, requires plumbing*

Portable · code `portable`

Recessed · code `recessed`

also matches: *in-ceiling, in-wall*

Semi-Integrated · code `semi_integrated`

also matches: *semi integrated*

Undermount · code `undermount`

also matches: *under mount, under cupboard*

Wall-Mounted · code `wall_mounted`

also matches: *wall mount*

Energy Rating Systems field key `energy_rating_system` · 8 values — products store the code, customers see the name

AU Energy Rating · code `au_energy_rating`

also matches: *energy rating label, star rating* — definition: Australia and New Zealand star-based energy label (more stars = more efficient)

AU WELS Water Rating · code `wels_water_rating`

also matches: *wels* — definition: Australian water-efficiency star label (water not energy; grouped with rating schemes)

CN Energy Label · code `cn_energy_label`

also matches: *china energy label* — definition: China mandatory energy information label with efficiency grades 1-5 (grade 1 most efficient)

Energy Star · code `energy_star`

definition: North American efficiency programme; membership is an evidence-gated claim

EU Energy Label · code `eu_energy_label`

definition: European Union A-G scale energy label

JP Energy Label · code `jp_energy_label`

also matches: *uniform energy-saving label, top runner label* — definition: Japan Uniform Energy-Saving Labelling programme star label showing achievement against METI Top Runner targets

SG Energy Label · code `sg_energy_label`

also matches: *mels, nea energy label, tick rating* — definition: Singapore tick-based energy label (1-5 ticks) under the NEA Mandatory Energy Labelling Scheme

UK Energy Label · code `uk_energy_label`

definition: United Kingdom A-G scale energy label

Chapter 12. Sports & Outdoor

The shop-by-sport facet, plus surf wetsuit attributes (style, thickness, zip entry, seam construction). Performance claims, skill levels and vendor fin systems excluded.

Sport Activities field key `sport_activity` · 18 values — products store the code, customers see the name

Australian Rules Football · code `afl`
also matches: *AFL, aussie rules, footy*

Basketball · code `basketball`

Boxing & Martial Arts · code `boxing_martial_arts`
also matches: *boxing, martial arts, MMA, karate*

Camping · code `camping`

Cricket · code `cricket`

Cycling · code `cycling`
also matches: *bike riding, biking*

Football (Soccer) · code `football_soccer`
also matches: *soccer, football*

Golf · code `golf`

Gym & Fitness · code `gym_fitness`
also matches: *gym, fitness, training, strength training*

Hiking · code `hiking`
also matches: *bushwalking, trekking, walking*

Netball · code `netball`

Rugby · code `rugby`
also matches: *rugby league, rugby union, league, union*

Running · code `running`
also matches: *jogging, trail running*

Snow Sports · code `snow_sports`
also matches: *skiing, snowboarding, ski*

Surfing & Watersports · code `surfing_watersports`

also matches: *surf, bodyboarding, stand up paddle*

Swimming · code `swimming`

also matches: *swim*

Tennis · code `tennis`

Yoga & Pilates · code `yoga_pilates`

also matches: *yoga, pilates*

Wetsuit Styles field key `wetsuit_style` · 5 values — products store the code, customers see the name

Full Suit · code `full_suit`

also matches: *steamer, fullsuit, full wetsuit*

Long John · code `long_john`

also matches: *sleeveless wetsuit, long jane*

Shorty · code `shorty`

also matches: *springsuit, spring suit, springy*

Wetsuit Top · code `wetsuit_top`

also matches: *neoprene top, wetsuit jacket*

Wetsuit Vest · code `wetsuit_vest`

also matches: *neoprene vest*

Wetsuit Thicknesses field key `wetsuit_thickness` · 5 values — products store the code, customers see the name

1mm · code `thickness_1mm`

also matches: *1 mm* — definition: Single 1 mm neoprene - tops and vests for warm water

2mm · code `thickness_2mm`

also matches: *2 mm, 2/2mm* — definition: Single 2 mm neoprene - warm-water suits and shorties

3-2mm · code `thickness_3_2mm`

also matches: *3/2mm, 3/2, 3-2* — definition: 3 mm torso with 2 mm limbs - the all-round temperate suit

4-3mm · code `thickness_4_3mm`

also matches: *4/3mm, 4/3, 4-3* — definition: 4 mm torso with 3 mm limbs - cool-water suit

5-4mm · code `thickness_5_4mm`

also matches: *5/4mm, 5/4, 5-4, 5/4/3mm* — definition: 5 mm torso with 4 mm limbs - cold-water suit

Wetsuit Zips field key `wetsuit_zip` · 3 values — products store the code, customers see the name

Back Zip · code `back_zip`
also matches: *back zipper*

Chest Zip · code `chest_zip`
also matches: *front zip, chest zipper*

Zip Free · code `zip_free`
also matches: *zipperless, zipless, no zip*

Wetsuit Seams field key `wetsuit_seam` · 3 values — products store the code, customers see the name

Flatlock · code `flatlock`
also matches: *flatlock stitched* — definition: Flat stitched seams - comfortable but lets water through; warm-water suits

Sealed · code `sealed`
also matches: *glued and blindstitched, GBS* — definition: Glued and blind-stitched seams - minimal water entry; temperate suits

Sealed & Taped · code `sealed_taped`
also matches: *taped seams, liquid taped, welded* — definition: Glued blind-stitched and internally taped seams - cold-water suits

Chapter 13. Toys & Games

Play types and retail age bands. The packaging safety mark (3+) is a compliance label, not filter vocabulary.

Play Types field key `play_type` · 10 values — products store the code, customers see the name

Arts & Crafts · code `creative_arts`
also matches: *craft, creative play, drawing*

Board Game · code `board_game`
also matches: *family games, card games, tabletop*

Construction · code `construction`
also matches: *building sets, building blocks, bricks*

Dolls & Action Figures · code `dolls_action_figures`
also matches: *doll, action figure, figurine*

Electronic Toy · code `electronic_toy`
also matches: *interactive toy, remote control, RC*

Outdoor Play · code `outdoor_play`
also matches: *outdoor toys, ride-ons, sandpit toys*

Plush & Soft Toys · code `plush`
also matches: *soft toy, stuffed animal, teddy*

Pretend Play · code `pretend_play`
also matches: *role play, dress up, play sets*

Puzzle · code `puzzle`
also matches: *jigsaw*

Toy Vehicles · code `vehicles`
also matches: *toy cars, trains, die-cast*

Toy Age Ranges field key `toy_age_range` · 5 values — products store the code, customers see the name

0-2 years · code `age_0_2`
also matches: *baby, infant, toddler*

13+ years · code `age_13_plus`
also matches: *teen, teenager, adult*

3-5 years · code `age_3_5`
also matches: *preschool, preschooler*

6-8 years · code `age_6_8`

9-12 years · code `age_9_12`
also matches: *tween*

Chapter 14. Pet Supplies

Pet types, species-neutral life stages (puppy/kitten are display mappings) and animal sizes. Breed lists and health claims excluded.

Pet Types field key `pet_type` · 7 values — products store the code, customers see the name

Bird · code `bird`
also matches: *aviary*

Cat · code `cat`
also matches: *feline*

Dog · code `dog`
also matches: *canine*

Fish · code `fish`
also matches: *aquatic, aquarium*

Horse · code `horse`
also matches: *equine, pony*

Reptile · code `reptile`
also matches: *lizard, snake, turtle*

Small Animal · code `small_animal`
also matches: *small pet, rabbit, guinea pig, ferret, hamster*

Pet Life Stages field key `pet_life_stage` · 4 values — products store the code, customers see the name

Adult · code `adult`

All Life Stages · code `all_life_stages`
also matches: *all ages* — definition: Product formulated or suitable for every life stage

Senior · code `senior`
also matches: *mature*

Young · code `young`
also matches: *puppy, kitten, junior* — definition: Pre-adult life stage; species display term (puppy or kitten) is a channel mapping

Pet Sizes field key `pet_size` · 4 values — products store the code, customers see the name

Extra Large · code `extra_large`
also matches: *giant breed, XL*

Large · code `large`
also matches: *large breed*

Medium · code `medium`
also matches: *medium breed*

Small · code `small`
also matches: *small breed, toy breed, mini*

Chapter 15. Furniture

Assembly forms. Furniture styles live in the Chapter 6 style vocabulary; upholstery reuses Fabrics and Materials.

Assembly Types field key `assembly_type` · 3 values — products store the code, customers see the name

Flat Pack · code `flat_pack`

also matches: *ready to assemble, RTA, self-assembly, assembly required, knock-down*

Fully Assembled · code `fully_assembled`

also matches: *no assembly required, pre-assembled, fully built*

Partially Assembled · code `partially_assembled`

also matches: *part assembled, semi-assembled, minor assembly*

Chapter 16. Garden & Outdoor

Sun exposure - a grower-declared growing condition. Plant taxonomies and watering claims deliberately excluded.

Sun Exposure field key `sun_exposure` · 3 values — products store the code, customers see the name

Full Shade · code `full_shade`
also matches: *shade, shade loving*

Full Sun · code `full_sun`
also matches: *sun*

Part Shade · code `part_shade`
also matches: *part sun, partial shade, semi-shade, dappled shade*
